## Pe Olde Writing Assignment

| Copy the definition for e<br>book: | ach of the <b>archaic</b> words from page 729 of your text- |
|------------------------------------|---|
| Against:                           | Hence :   |
| Alack:                             |   |
| Anon:                              | Hither:   |
| Aye:                               | Marry:  |
| But:                               | Whence:   |
| E'en:                              | Wherefore:  |
| E'er:                              | Wilt:   |
| Haply:                             | Withal:   |
| Нарру:                             | Would:  |
|                                    |   |
|                                    |   |
|                                    |   |
|                                    |   |
|                                    |   |
|                                    |   |
|                                    |   |
